SUMMARY

An undergraduate Informatics Engineering student at Satya Negara Indonesia University with a strong interest in web development, software engineering, and mobile application development. Experienced in building functional digital systems and designing responsive, intuitive, and user-centered interfaces. Highly motivated to keep learning and continuously improve skills in the field of technology.

EDUCATION

Undergraduate Computer Engineering students   **Sept 2022-Present**
Satya Negara Indonesia University
GPA : 3.51/4.00
- Relevant Courses: Algorithms and Programming, Databases, Mobile Programming, Network Programming, Object-Oriented Programming, WEB Programming, System Analysis and Design.

PROFESSIONAL EXPERIENCE

Front-End Developer Intern   **Sept - Nov 2025**
Bigbox AI - Telkom Indonesia
- Developed responsive user interfaces from Figma designs, ensuring pixel-perfect and consistent UI implementation.
- Resolved front-end bugs and performance issues, improving overall stability and user experience.
- Integrated RESTful APIs into the application, optimizing data flow and enhancing loading performance.
- Collaborated with designers and backend teams to accelerate feature delivery and maintain smooth development workflows.

ORGANIZATION AND COMMITTEE

Minister of Human Resources Development, Faculty of Engineering   **Sept 2024- Sept 2025**
- Oversaw member recruitment, training, and development programs.
- Managed evaluations and engagement initiatives to support team performance.
- Managed internal evaluations to improve team productivity and communication.
- Collaborated with faculty and department leaders on HR planning and execution.

Vice Chairman of the Student Representative Council of the Faculty of Engineering   **Sept 2025 - Present**
- Supported the Chairperson in leading the council and ensuring smooth execution of programs.
- Coordinated members in legislative, supervisory, and student advocacy activities.
- Managed internal evaluations to improve team productivity and communication.
- Represented the council and collaborated with student organizations and faculty leaders

Deputy Lead, Data Visualization Bootcamp – Satya Negara Indonesia University x   **Dec 16 2023**
Maxy Academy
- Assisted in planning, organizing, and executing the data visualization bootcamp.
- Supported curriculum implementation and communication between the university and Maxy Academy.

SKILL

- Web Development
- Programming
- Design
